

Suzie Saver & Markie More

both like virtual investigator meetings,
but for completely different reasons...

WHO'S RIGHT?!

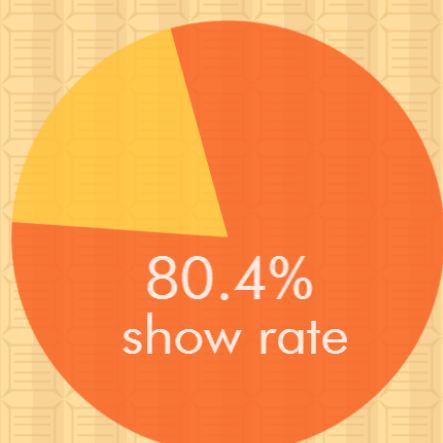

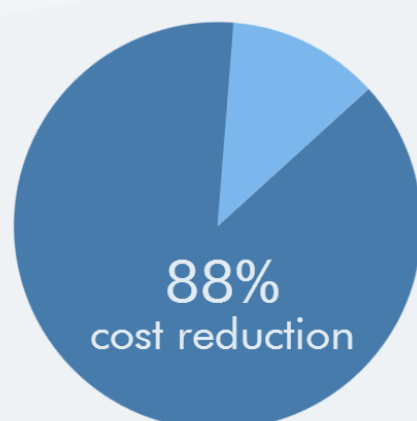

Based on data from a 2015-2016 case study of 33 virtual IMs by one sponsor

US \$5.8 million
documented cost savings

Virtual IMs really
SAVE MONEY.
\$5.8 million -
that's a lot!

Righteous
bucks!

2,859
active attendees

Virtual IMs are
convenient and
get MORE
attendees!

People
power!

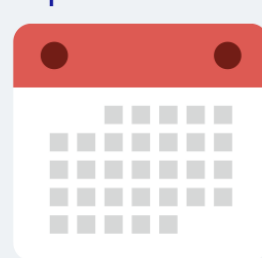

Virtual IMs allow
everyone to
SAVE TIME spent
traveling.

Goodbye
airports!

1.25 Days
productivity gains
per attendee

2.5 Weeks
productivity gains
per event

98% Information was clearly presented

99% Questions were well answered

97% Overall experience was positive

You even
get MORE
participant
satisfaction!

Strong
positives!

You can SAVE
a lot of carbon
emissions.

Green
machine!

2,425 tons
CO2 emission
reductions

equivalent to planting
53,657
urban trees

99.44%
reliable performance
for participants

33 of 33
successful virtual IMs

You can't find a
MORE RELIABLE
technology!

Virtually
purrfect!

Carlos Consensus says....

Wait a minute,
you're both right!

and give you MORE
participants, satisfaction
and reliability.

Virtual IMs SAVE costs,
time and carbon...

Let us show you how we
take virtual IMs from
drab to dazzling.
